

Objective: The Project is all about our Indian festivals, their different cultures, favorite dishes and behavior which will help the children in their physical as well as social growth.

Name of the activity: “Map Builder project”

Contributions:

- **Major contribution** towards the society will be that it will help the children of age 7-10 to get a deep and immense knowledge about our countries diverse culture and its tradition
- They will also be able to learn about our state’s geographical boundaries in a fun and interactive way using this toy **Map Builder**.
